GitHub: https://github.com/menamiit
Email: pareeknamit8@gmail.com
Mobile: +91-9024190412

Skills

- **Languages**: JavaScript, Java, Python
- **Front-End:** React, HTML5, CSS3
- **Back-End**: Node.js, Express.js, REST APIs, WebSockets (Socket.io)
- **Database/Tools**: MongoDB, SQL, Power BI, Excel, Git
- **Data Analysis:** Pandas, NumPy, Matplotlib, Scikit-learn, EDA
- **Soft Skills**: Analytical thinking, Collaboration, Adaptability, Clear communication, Continuous learning

Internship

Infosys Springboard 6.0 (Virtual Internship) | February 2025–Present

SDE Intern

Project: *Infosys CivicPulse Hub – Unified Smart City Feedback and Redressal System*

- Developing a full-stack smart city feedback and grievance redressal platform to streamline citizen issue reporting and administrative resolution workflows
- Designing responsive frontend interfaces using HTML, CSS, JavaScript, and Bootstrap to ensure seamless cross device user experience
- Building and integrating RESTful backend services using Java and Spring Boot for complaint registration, tracking, secure request handling, and structured data management
- Collaborating with mentor and team in an agile, task-driven virtual environment, participating in regular review meetings and milestone-based development

  Tech: HTML, CSS, JavaScript, Bootstrap, Java, Spring Boot

Projects

CO_2 Footprint Tracker | June–July 2025

- Engineered a scalable full-stack web application to calculate and track daily carbon emissions arising from transportation, dietary habits, etc providing users with data-driven insights into their environmental impact
- Designed and implemented an interactive dashboard using React and Tailwind CSS to visualise emission trends, category-wise contributions, and historical patterns through dynamic charts
- Developed secure backend APIs using Express.js and Mongoose for structured data management, incorporating authentication and access control to protect user data and ensure integrity

  Tech: React, Node.js, Express.js, MongoDB, Mongoose, Tailwind CSS, JWT

EDA Mobile Network Experience | January–March 2024

- Performed comprehensive exploratory data analysis on mobile network datasets using Pandas, NumPy, Matplotlib and Seaborn to identify trends, performance gaps, and key factors influencing user experience
- Built and evaluated regression models using Scikit-learn, achieving high predictive performance ($R^2 > 0.9$), and analysed model outputs to derive actionable insights
- Interpreted statistical results to highlight network limitations and optimisation opportunities, supporting data-driven decision-making

  Tech: Python, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn

Certificates

- Introduction to MongoDB | July 2025
- Computer Communications Specialization by Coursera | August 2024
- Basic Python for ML/AI by CSE Pathshala | March 2024

Achievements

- **Awarded LeetCode 50 Days Badge** November 2025
- **Secured Global Rank 3214 in Leetcode Biweekly Contest 472** January 2025

Education

Lovely Professional University Punjab, India
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.2*** *Since August 2023*

MK. Gandhi SCHOOL Rajasthan, India
Intermediate; ***Percentage: 71%*** *April 2021–March 2022*

Anant Louis Public School Rajasthan, India
Matriculation; ***Percentage: 71%*** *April 2019–March 2020*
